A Delegate Turns the Tables on an Anti-McShane Resolution-Political Gossip-An Art Club-City Briefs.

LINCOLN BUREAU OF THE OMAHA BEE,) 1029 P STREET,

LINCOLN, May 8. The republican county convention, to elect twenty-five delegates to the state convention nt Omaha, and twenty-five to the congres Bional convention at Ashland, was held to day. It was one of the most interesting and enthusiastic conventions held in the county for some time, a large number of the most prominent republicans in the city and county being among the delegates in attendance. The convention was held in Bohannan's hall and was called to order at 2:30 p. m. by Captain L. W. Billingsly, chairman of county central committee.

R. H. Oakley was nominated for temporary chairman and elected by acciamation. On taking the chair he spoke of the import ance of the convention, of its opening the campaign in this city and county in national politics and congratulated the convention upon its large and earnest number of republican workers.

Messrs. Frank Walters and Alba Brown were elected temporary secretaries. A committee on credentials, with T. M. Cook as chairman, reported the list of delegates in attendance, all but three or four of the thirty precincts in the county being represented. The temporary organization was made permanent, and two committees of bloven each were appointed to select the names of twenty-five delegates to each of the conventions. The committees retired, agreed upon the following named delegates and reported them to the convention, and they were unanimously elected:

For the State Convention-J. C. McBride, Alva Smith, Charles L. Hall, H. J. Liesvelt, G. M. Lambertson, C. W. Pierce, R. E. Moore G. M. Lambertson, C. W. Pierce, R. E. Moore, J. E. Stockwell, W. S. Hamilton, G. W. Eggleston, J. L. Cohran (colored), Robert Pickle, S. S. Cochran, H. C. Reller, John Fraas, W. W. Corder, W. C. Austin, Henry Veith, C. H. Foxworthy, Nelson Westover, A. J. Cornish, Charles Meyer, Frank R. Walters, Charles Crow, John L. McConnell, For the District Convention—H. M. Bushnell, J. H. Blair, W. B. Bennett, F. Carnahan (colored), John D. Knight, J. H. Harley, Phelps Paine, C. O. Wheedon, W. H. Pritchard, F. S. Cooke, Fred Schwake, W. H. Woodward, J. E. Philpot, C. E. Magoon, S. J. Alexander, Brad P. Cook, Charles Bunce, Charles Miller, A. McEachran, C. N. Ben

Charles Miller, A. McEachran, C. N son, S. W. Beardsley, A. Attoman, F. Berry-man, E. D. Champion. Following the election of delegates, Mr.

5. B. Strode introduced a resolution de-claring it the sense of the convention that no one should go to either convention who had supported McShane for congress. There was a great deal of cheering, and General McBride avose and made a stirring speech on the resolution. A delegate then turned the tables on a number of the supporters of the resolution by asking that it be amended to include all who supported A. J. Sawyer for mayor. The discussion of the supported A. J. Sawyer for mayor. sion that followed showed that nearly all the delegates had been off color at some time and the resolution was withdrawn.

The committee on resolutions, through A. W. Scott, reported the platform, one of the important planks being a resolution citing the decision of Judge Dundy removing the Union Pacific road from state control, and calling upon the delegation in congress to pass laws paking the road in local matters and rates abject to state control the same as other

Another plank in the platform instructed the delegates to the state convention to support Patrick Egan for one of the delegates-at-large from the state to the Chicago con-yestion. The delegates to the district convention were not instructed, but it is underthat there are two or more aspirants for district delegates.

The latest in politics comes, as might expected, from the state of Beatrice and is f a great deal of interest to Saline county, there an almost forgotten ex-governor re-ides. The counties of Gage and Saline have a float representative, and the plan is ex-Governor Dawes, float representative, Gage and Saline, solid backing from Beatrice, speaker of the house, providing always that the arteries of commerce that thread the two counties do their duty and gather in a cordial support in the speakership program from putlying districts. The satisfaction with which the scheme is received was illustrated by some exceptionally good citizens of Salme county, who when the plan was related to them, fell to work at once upon the interest-ing problem of how badly they would have to show the ex-governor under in his own county to overcome the probable majority in Gage, that they may keep closely to home him who has so lately returned to them.

Short Report of What Has Bsen Done During the Winter. This association, now in its fifth year of existence, has under its immediate charge the Home for the Destitute Women's Children, 2718 Burt street; the Young Women's Home, 1910 Dodge street, and the Woman's Exchange, 1617 Farnam street, and many of ts members are carnest workers in the City Mission on Tenth street. Mrs. Jardine, our first vice-president, is well known in the charity work of this city.

charity work of this city.

Two beautiful lots have been given the association by Mr. Benson, located near Thirty-first and Dodge streets. The cable line will pass them, and the Farnam street line passes within two blocks. These lots are so finely located for an old ladies' home that the association is holding them for this purpose, hoping in the near future to erect a home on them, where the old ladies of this home on them, where the old ladies of this city may have the comforts of life—the peace and rest so well earned by them.

The home on Burt street is now called the Old Ladies Home because we have had so many with us all winter—eight permanent boarders, two over seventy and two over boarders, two over seventy and two over eighty, nearly helpless.

But this home for transients is not the place for these old ladies. There are often so many children and so much sickness. At one time this winter it did indeed seem like a hospital, and we have had as many as nine small children there at one time, from two weeks old to nine years. At present there are six little ones in the home.

From the matron's reports from October to April we learn that over eighty women and hildren have found a temporary home there The number averaging from fifteen to twenty all the time. This house and lot on Burt street was purchased by the association last July when obliged to leave 1606 Farnam street. It is not so centrally located for our street. It is not so centrally located for our purpose as we wish but well arranged for our work. A large house with seventeen rooms in it and on the same lot we have placed the house Dr. Mercer gave us. This we have rented for the present but hope soon to be able to open it for the children. We are to pay for this property by yearly payments. The first of \$1,500 was made at time of nurchase. The second becomes due June of purchase. The second becomes due June 8. That we may be able to meet this payment with as little soliciting as possible, and that we may secure funds for the running expenses of the association, the ladies are preparing an entertainment called the "May Fete" to be given in the Exposition hall, admission 25 cents. We hope to raise a large amount of money by this entertainment, for at present the funds in the treasury are very low. We are sure our work in the Dodge street home will commend itself to the public. About thirty names have been registered and we trust some of the comforts of home life have been theirs. At present there are about eighteen permanent boarders. Through the generosity of a few ladies and gentlemen the generosity of a few ladies and gentlemen a typewriting machine was placed in the home and instruction given one evening last week. The evening devoted to literature and history, conducted by Miss Poppleton, was a source of pleasure to all. A weekly prayer meeting, under the direction of Mrs. Little, and bible readings, conducted by Mrs, Ramsey have neen held Sunday afternoons for many weeks. for many weeks.

for many weeks.

A pleasant reading room, where may be found the daily papers and a few magazines and about fifty new volumes in the bookcase from Messrs Canfield & Seaman, also a large donation of books by Miss Poppleton, have been added to the home. We trust this is only the beginning of a home which may accommodate 200 instead of twenty-five Nothing so elaborate as is being erected for the young men, with plain substantial building with single rooms where those who have ing with single rooms where those who have been working hard all day may find rest, a home for the protection, the comfort, im-provement and happiness of all the young working women of our city. Surely, this work of ours for women and children is very large, and it is a field where women can do the most efficient work. Come to our meet-ings held the first Tuesday of every month in the Dodge street home, 1910—join the asso-ciation and find work in some of its branches. Increase this little band of christian women, take our paper, "The Home Record," and learn monthly of our work' This paper is now in the hands of an efficient board of managers, and we hope much good may result from its publication, besides being a revenue to the association. Yes, please visit our homes, subscribe for the paper, only 50 cents per year, and patronize the Woman's

exchange. In the opening of the Burt street home last October the donations were so liberal that the house was put in order and completely furnished at very little expense to the asso-ciation. For this home, through Mrs. Boggs and Miss Wood, \$300 has been solicited this winter at one time. For the opening of the Dodge street home, by one person, over \$800

was raised, most of this amount being given in \$25 subscriptions.

This is nearly all the soliciting that has been done for the association this year. To all who have so liberally assisted us in our work by giving money, food, clothing, and furniture, labor and words of encouragement, we wish to express sincere thanks.

Notwithstanding reports from Chicago to the effect that the strike on the Chicago, Burlington & Quincy is off, the brotherhood men in this city still refuse to place any confidence in the rumors. No meeting between members of the engineers and Chicago, Burmembers of the engineers and Chicago, Burlington & Quincy officials had been
held for the purpose of arranging

the same condition as at the begunning of the strike. The Chicago, Burlington & Quincy road had been declared a

Is having a depressing effect on the woolen and clothing market. Eastern manufacturers find themselves overstocked with fine clothing, and we are now offered stocks of goods from the very best houses in the country, at prices much lower than we could manufacture them ourselves. Our buyer is not sleeping, and the last few shipments we received from him have compelled us to mark down considerable many lots that are left from our first spring purchase. We offer this week in Men's suits:

250 good blue flannel sack suits, the color warranted indigo blue, well trimmed and made at \$5.75. The usual retail price of this suit is not less than \$8.50.

300 blue flannel suits, all wool and indigo blue, at \$7.75. This is as firm a flannel as there is made in this country, and we guarantee it to be as good a suit in quality of cloth and make up as there is offered by any house for \$12.

500 elegant Cheviot suits, made of fine imported cheviot, in elegant light colored patterns, for \$10.50. We sold these suits only last week for \$12.50. and we put them against any \$15 suits in the market.

In mens' furnishings, we offer this week a special drive in elegant balbriggan shirts and drawers, finished seams and French neck at 35c each. This is the greatest bargain ever offered in this line, as no house would sell underwear like this at less than 75c a piece. Neckwear-No such variety can be seen anywhere.

Our 15c silk scarfs in all the latest summer shades, you cannot get elsewhere under 50c. Another consignment of those elelegant light colored derbys, satin lined, at \$1. We have them in ten shades this time, and also have the same hat without lining for 90c. Everybody who buys one wonders how it can be done.
